

Restrictions Exemption Program for Crowfoot Arena

To our Crowfoot Arena Users and Patrons,

The Government of Alberta has declared a state of public health emergency and new restrictions to slow the spread of COVID-19 and its variants.

As a result, Crowfoot Arena will be adhering to the City of Calgary Bylaw.

Effective Monday November 15, everyone over the age of 12 years of age will be required to show QR CODE proof of vaccination, anyone over 18 will need to provide SECONDARY ID, or a negative privately-purchased COVID-19 test to gain access to the Arena.

We remind everyone that all patrons must continue to be masked when entering and exiting the facility and in common areas prior to going on the ice.

Please arrive no more than 30 minutes before your ice time and depart within 30 minutes of the end of your permit time. Refrain from spitting on floors in the arena, dressing rooms or player's benches.

We trust all patrons will abide by this policy so Crowfoot Arena can remain open, keep our patrons safe, and not affect other users that are following this policy.

If anyone has questions, please contact me at cfarena@shaw.ca.

Thanks for your co-operation,

Ian Brownlee, General Manager, Crowfoot Arena
